(2012) Functional Characterization of Glycine N-Methyltransferase and Its Interactive Protein DEPDC6/DEPTOR in Hepatocellular Carcinoma. *Mol. Med.* 18(2):286–296.

In this paper, Yi-Ming Arthur Chen should have three affiliations; only two of them were attributed to him in the paper; this was an error made during the correction process. The ninth affiliation is now correctly attributed to him as shown below. Also, an authorial error was made for the ninth affiliation; it should read “VYM” instead of “VGH.”
